

**Additional Previous Council / Committee Direction Prior to October 25, 2022**

August 23, 2022 Committee of the Whole Meeting

Motion 074/22: That the Committee refer Ian Skinner's presentation to Administration for incorporation into the Resource Extraction Regulatory Review What We Heard Report and to complete an analysis of the information submitted, for Council's consideration.

March 22, 2022 Regular Council Meeting

Motion 112/22: That Council approve the attached Resource Extraction Regulatory Review – Phase 3 Engagement Plan.

Motion 113/22: That Council direct Administration to implement the Resource Extraction Regulatory Review - Phase 3 Engagement Plan, and report back to Council with a summary of stakeholder feedback following engagement.

Motion 114/22: That Council approve the allocation of \$14,000 from the Planning Reserve to support the implementation of the Resource Extraction Regulatory Review - Phase 3 Engagement Plan.

March 23, 2021 Regular Council Meeting

Motion 178/21: That Council give first reading of Bylaw 1533/21.

March 9, 2021 Regular Council Meeting

Motion 129/21: That Council accept the Resource Extraction Regulatory Review Final Report as information.

Motion 130/21: That Council direct Administration to implement the following recommendations, by working with appropriate stakeholders and fulfilling noted implementation activities:

- (a) Bring forward bylaw amendments to implement a new, dual-approach regulatory framework, based on enhanced performance standards and corresponding setbacks from residential developments of 200m or 50m for extraction activities, and 300m for crushing activities. Make no changes to the existing Resource Extraction (RE) district, unless and until such time as all operators have transitioned. Ensure enhanced performance standards for extraction operations that protect air and water quality, minimize noise levels, reduce traffic and dust impacts, ensure acceptable visual impacts, and require progressive extraction and reclamation.
- (b) Apply new flexibility in the municipal permitting process for operators, to accommodate options to either re-district to one of the new resource extraction zones, or to apply for a discretionary use within the Agriculture district.
- (c) Increase municipal compliance and education resourcing, to complement enhanced operator quarterly reporting and annual third-party validation requirements.
- (d) Update municipal application processes, including fee schedules, policies, and administrative procedures, to align to the revised regulatory framework.
- (e) Develop a new municipal communications and information platform to support all stakeholders in local resource extraction activity, inclusive of a dedicated web platform, educational materials, contact information, newsletters, and more.

- (f) Conduct a review of the Community Aggregate Payment (CAP) Levy allocation model to reflect a greater expected revenue over time, the appropriate distribution of broad community benefit versus benefit to communities near aggregate operations, the percentage of allocations for different types of initiatives (regulatory support, community facilities, local programs, infrastructure, municipal tax relief, etc.); and the possibility for supportive policies and procedures related to the allocation of the CAP Levy.
- (g) Review the Calahoo-Villeneuve Sand and Gravel Advisory Committee terms of reference to identify a geographic area, membership, and other elements that are reflective of known extraction areas in Sturgeon County.
- (h) Prepare transition communications to describe implications of new regulations for existing operators and residents, and possible processes for those operations that may opt for the new regulatory model.

#### January 26, 2021 Committee of the Whole Meeting

Motion 005/21: That the Committee refer the initial consultant recommendations regarding the Resource Extraction Regulatory Review to the Calahoo-Villeneuve Sand and Gravel Advisory Committee, the Economic Development Board and the Transportation Advisory Committee for comment prior to Council's consideration of the Resource Extraction Regulatory Review Final Report.

#### January 12, 2021 Regular Council Meeting

Motion 011/21: That Council accept the Resource Extraction Regulatory Review *What We Heard Report - Engagement Phase 2* as information.

Motion 012/21: That Council direct Administration to bring forward Resource Extraction Regulatory Review final options and recommendations to the January 26, 2021 Council Meeting.

#### November 9, 2020 Committee of the Whole Meeting

Motion 088/20: That the Committee refer the industry information provided in the closed session to Administration to reflect, where appropriate, within the Resource Extraction Regulatory final recommendations.

Motion 089/20: That the information provided in the November 9, 2020 Committee of the Whole closed session remain confidential pursuant to section 16 (disclosure harmful to business interests of a third party) of the *Freedom of Information and Protection of Privacy Act*.

#### September 22, 2020 Regular Council Meeting

Motion 443/20: That Council endorse the resource extraction regulatory review bylaw amendment options, provided as Attachment 1 to the Request for Decision and developed in consideration of stakeholder input and best practices, for use in public engagement.

Motion 444/20: That Council submit comments on draft resource extraction public engagement materials, to be circulated following this meeting, to the Chief Administrative Officer prior to September 25, 2020.

Motion 445/20: That Council direct Administration to advertise and carry out the second round of industry and public engagement for the Resource Extraction Regulatory Review, according to the approved engagement approach, with engagement to begin in mid-October 2020.

Motion 446/20: That Council direct Administration to bring forward final engagement reports and detailed recommendations on resource extraction regulations for consideration following the conclusion of the second round of industry and public engagement.

August 25, 2020 Regular Council Meeting

Motion 389/20: That Council accept the resource extraction initial reports “What We Heard” and “Best Management Practices” as information.

Motion 390/20: That Council direct Administration to bring forward an economic analysis and detailed options that consider findings and inputs to date for consideration at the September 8, 2020 Council meeting.

August 11, 2020 Committee of the Whole Meeting

Motion 064/20: That the Committee direct Administration to provide summaries of engagement findings, best practices, and options to identified Council committees for further initial comment and input.

Motion 065/20: That the Committee direct Administration to bring forward all reports, options for consideration, initial recommendations, and stakeholder engagement next steps at the August 25, 2020 Council meeting.

Motion 066/20: That the Briefing Note and attachments of item B.1 of the August 11, 2020 Committee of the Whole meeting remain confidential in accordance with section 24 (advice from officials) of the *Freedom of Information and Protection of Privacy Act*.

July 14, 2020 Regular Council Meeting

Motion 342/20: That Council direct Administration to proceed with the Resource Extraction Regulatory Review with additional stakeholder engagement according to Option 3 detailed in the July 14, 2020 Request for Decision.

April 28, 2020 Regular Council Meeting

Motion 210/20: That Council direct Administration to proceed with the Resource Extraction Regulatory Review project using Engagement Strategy 4b: Expedited Engagement At-A-Distance.

October 8, 2019 Regular Council Meeting

Motion 405/19: That Council direct Administration to use the information provided in closed session as an input into public consultation on amendments to the Land Use Bylaw regarding resource extraction setbacks, with Administration bringing bylaw amendments to Council that incorporate the feedback from the public consultation.

June 25, 2019 Regular Council Meeting

Motion 247/19: That Council direct Administration to review current resource extraction setbacks within the current Land Use Bylaw and bring back possible modifications to ensure Sturgeon County is sustainably extracting a diminishing resource in the County.
